Des Moines, IA 50309-0695

Dear Scott,

As we look back at the past 12 months, we take time to reflect on the significant gifts and future commitments that are truly making a difference. We want to once again thank you for your gift to Iowa State University and the College of Engineering. As a member of the college's *Campaign Iowa State* volunteer leadership team, I have witnessed firsthand how generosity such as yours can truly transform this great institution. We will be a much stronger and more competitive because of your support!

I've had the pleasure of meeting with students and faculty who've been greatly impacted by *Campaign Iowa State*. They share stories of success and accomplishments – many times because someone chose to invest in them and in Iowa State University.

Please know that your gift, coupled with the impressive support of many others, is helping push the college towards our fundraising goal of \$275 million. We've progressed to \$260 million and your endorsement of the Jellinger Laboratory arrives at a critical time as we are in the final year of the campaign.

On behalf of the college and the campaign team I again want to say "thank you!" I hope you continue to view Iowa State as an important philanthropic partner.

Warmest regards,

Glenn DeStigter ('66, Construction Engineering)
