SCHEDULE A TO CONSENSUSDOCS 200.1—AMENDMENT NO. 1 POTENTIALLY TIME AND PRICE-IMPACTED MATERIALS

This document was developed through a collaborative effort of entities representing a wide cross-section of the construction industry. The organizations endorsing this document believe it represents a fair and reasonable consensus among the collaborating parties of allocation of risk and responsibilities in an effort to appropriately balance the critical interests and concerns of all project participants.

These endorsing organizations recognize and understand that users of this document must review and adapt this document to meet their particular needs, the specific requirements of the project, and applicable laws. Users are encouraged to consult legal, insurance and surety advisors before modifying or completing this document. Further information on this document and the perspectives of endorsing organizations is available in the ConsensusDOCS Guidebook.

Potentially Time and Price-Impacted Materials should be identified and described with specificity. The methods for establishing the Baseline Price for a Potentially Time and Price-Impacted Material should be based upon an objective standard and include: 1) established market or catalog prices; 2) actual material costs; 3) material costs indices; or, 4) such other mutually agreed upon method. Pricing based on material costs indices must identify the index category or subcategory that most accurately reflects the Potentially Time and Price-Impacted Material specified.
